Model 735 Steel Insulated Door

NOTED FEATURES

Strong by Design

End and center stiles are constructed with galvanized steel, which provides superior strength and resistance to rust corrosion.

Protection from the Elements

Tongue and groove joint construction seals and aligns the sections providing a snug, weather-tight fit.

Sturdy Tog-L-Loc™

This sturdy fastening system ensures leak-proof and rust-proof joints adding years to the life of the door.

Keep the Outdoors Outside

The bulb-type vinyl bottom weather seal fits tight against the floor sealing out moisture, light, and energy leaks.

Smooth Operation

Galvanized steel hinges and self-lubricating rollers are designed for long life and smooth, quiet operation.

Beat the Hot and Cold

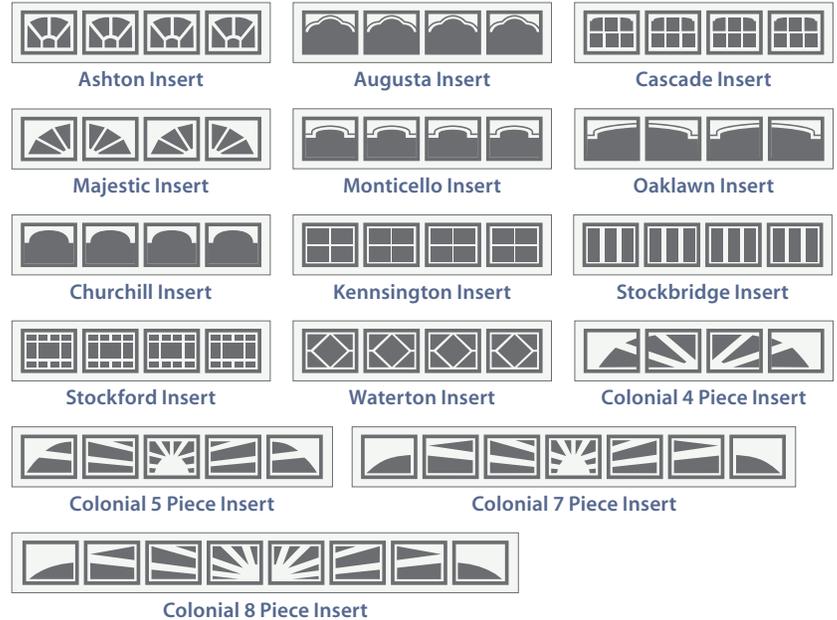

This door features a CFC-FREE laid-in-place foam insulation that is bonded to a white vinyl interior.

FINISHES (Actual color may vary)

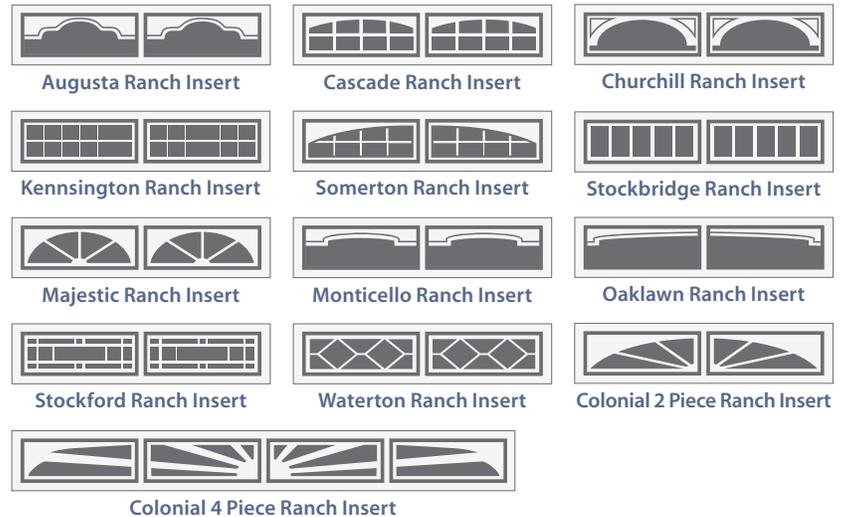

WINDOW INSERTS*

Standard Panel Design Inserts

Ranch Panel Design Inserts

**Some inserts and colors may not be available, or are subject to minimum purchase requirements. Please contact the Windsor Door factory to verify availability.*

HARDWARE

Optional decorative handles and strap hinges give the look of forged iron.
